11:00 a.m. - 12:30 p.m. *

Live Presentation via Microsoft Teams

I will briefly describe how we separated from medicine 190 years ago and how reunification (AKA integration) is going. I'll talk about our demonstrated inability to be skeptical of pharmaceutical company hype. Finally, I'll describe how we have studiously avoided treating inmates with behavioral health problems appropriately.

Education Objectives:

1. Describe how we're doing with integrated care?
2. Describe how we're failing with "Do no harm"?
3. Describe the "no plan" for treatment of mentally ill/substance abusing ex-inmates out in the world?
